

Electronic signing: PDF check

If you can read this page, your device can open PDF documents, the format your lease and its signed copy will be in.

To keep your records, you should also be able to save this file to your device or another secure place, and print it if you wish.

You can now close this file, return to the signing page and, if you agree, select "I Agree".

If you could not open this file, do not select "I Agree". Contact the landlord or property manager who sent you the lease to sign on paper instead. There is no charge for paper.
